

CHAGFARM SAFEGUARDING POLICY

Introduction

Current government legislation around the safeguarding of children, young people and vulnerable adults states that:

'The process of protecting children from abuse or neglect, preventing impairment of their health and development, and ensuring they are growing up in circumstances consistent with the provision of safe and effective care that enables children to have optimum life chances and enter adulthood successfully.'

Chagford Community Farm takes its responsibility to children, young people and vulnerable adults with great seriousness and has set up a full range of measures to protect children, young people and vulnerable adults from potential dangers and believe that keeping children, young people and vulnerable adults safe is everybody's responsibility. This is based around the rationale that:

- All children, young people and vulnerable adults have an absolute right to a life free from abuse, neglect or exploitation
- All children, young people and vulnerable adults should have access to relevant procedures and services for addressing issues of abuse, neglect and exploitation, including the civil and criminal justice system and victim support services
- All staff including employees and volunteers have a responsibility to be mindful of issues related to young people's safety and welfare.
- All staff including employees and volunteers have a responsibility to be able to recognise instances of abuse and to address them effectively
- All staff including employees and volunteers have a responsibility to report and refer any concerns about possible abuse, neglect or exploitation however minor they may appear to be.
- Chagford Community Farm will ensure that all staff who undertake regulated activity with students will hold a CRB disclosure
- Chagford Community Farm will create a safeguarding culture and environment where the opportunities for abuse, neglect or exploitation to occur are minimised.
- Chagford Community Farm will create a safeguarding culture and environment where children, young people and vulnerable adults have the confidence to voice any concerns or fears they may have about abuse, neglect or exploitation and where they feel able to disclose allegations of harm or abuse.
- Chagford Community Farm recognises that all children and vulnerable adults regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity, have the right to equal protection from all types of harm or abuse.

We will identify a designated Safeguarding Officer who will receive additional training and support to ensure that the environment within Chagford Community Farm is safe and supportive for the children, young people and vulnerable adults in our care.

REPORTING SAFEGUARDING CONCERNS

The need to protect the child, young person or vulnerable adult is paramount. It is the responsibility of all staff to report and record any safeguarding concerns they may have and not to decide whether a concern constitutes abuse or not. Appropriate action will be taken and detailed procedures will

be put in place over the next two months. Any concerns will be passed on to the designated safeguarding officer and appropriate external agencies as soon as possible. There may be instances where urgent medical attention is needed. In these circumstances staff should always try consult with someone else but if time doesn't permit then immediate contact must be made with the emergency services.
